

# WESTERN PLANT & PIPELINE PRODUCTS

The only tool on the market that has been designed, manufactured, and tested specifically for this purpose.

PigginPoles.com

- Constructed of 1 1/4" Schedule 40 Aluminum Pipe
- Drilled with exacting tolerances for a precision fit.
- Aluminum hook, cast with special alloys for strength and long life.
- Aluminum hook will not cause sparking which is critical in a natural gas environment. *(This is the only aluminum hook in the industry)*
- Aluminum ram (also non-sparking) for launching pigs without damaging poles or pigs.
- These are the only truly safe pigging poles to use in a explosive gas environment.
- Proven by a year of field testing and design improvements.
